LIST OF CONTENTS

Volume 18, Number 1

	iii	The International Society for the Study of Individual Differences (ISSID)
Noreen Stuckless, B. Douglas Ford and Romeo Vitelli	1	Vengeance, anger and irrational beliefs in inmates: a caveat regarding social desirability
Oliver Mason, Gordon Claridge and Mike Jackson	7	New scales for the assessment of schizotypy
Stanley Coren and Renata E. Harland	15	Personality correlates of variations in visual and auditory abilities
D. H. Saklofske, I. W. Kelly and B. L. Janzen	27	Neuroticism, depression and depression proneness
Patrick C. L. Heaven and Ian M. Shochet	33	Dimensions of neuroticism: relationships with gender and personality traits
Kennon M. Sheldon and Robert A. Emmons	39	Comparing differentiation and integration within personal goal systems
Mika Kivimäki	47	Test anxiety, below-capacity performance, and poor test performance: intrasubject approach with violin students
Phillip T. Slee	57	Peer victimization and its relationship to depression among Australian primary school students
S. J. Wadsworth, J. C. DeFries, D. W. Fulker and R. Plomin	63	Covariation among measures of cognitive ability and academic achievement in the Colorado Adoption Project: sibling analysis
C. Stough, T. C. Bates, G. L. Mangan and O. L Pellett	75	Smoking, string length and intelligence
Grant L. Morris and Mark B. Alcorn	81	Raven's Progressive Matrices and inspection time: P200 slope correlates
Mandy E. G. van der Velde, Jan A. Feij and Toon W. Taris	89	Stability and change of person characteristics among young adults: the effect of the transition from school to work
Shulamith Kreitler, Moshe Aronson, Shlomo Berliner, Hans Kreitler,* Kinereth Weissler and Nadir Arber	101	Life events and personal problems: their physiological and emotional effects
Margarete Vollrath, Svenn Torgersen and Randolf Alnæs	117	Personality as long-term predictor of coping
Judith L. Johnson and A. Michael Bloom	127	An analysis of the contribution of the five factors of personality to variance in academic procrastination
Marjorie A. Reed and Douglas Derryberry	135	Temperament and attention to positive and negative trait information
Nachshon Meiran, Neta Genislav, Avivit Hasman and Inbal Schein	149	General intelligence and its relationship to immediate memory for novel and activated information
Notes and Shorter Communications		
Y. Rim	159	Coping styles, impulsiveness, venturesomeness and empathy

Sharon Callaghan and Stephen Joseph 161 Self-concept and peer victimization among school-children

Announcement I

Volume 18, Number 2

iii The International Society for the Study of Individual Differences (ISSID)

H. J. Eysenck 165 A new view of aggressiveness in adolescence

Mieczyslaw Choynowski 167 Does aggressiveness have a factorial structure?

Jacqueline Reilly and Gerry Mulhern 189 Gender differences in self-estimated IQ: the need for care in interpreting group data

Gian Vittorio Caprara, Claudio Barbaranelli and Andrew L. Comrey 193 Factor analysis of the NEO-PI Inventory and the Comrey Personality Scales in an Italian sample

Britt Anderson 201 Individual variation in cerebral cortex size and neuron number does *not* predict behavioral ability in the rat

Paul Norman 213 Health locus of control and health behaviour: an investigation into the role of health value and behaviour-specific efficacy beliefs

Marvin L. Schroth 219 A comparison of sensation seeking among different groups of athletes and nonathletes

William J. Ray and Meredith Faith 223 Dissociative experiences in a college age population: follow-up with 1190 subjects

Elisabeth H. M. Eurelings-Bontekoe, Inge J. Duijsens, Wim M. Snellen, René F. W. Diekstra and Gert Ouwersloot 231 DSM-III-R and ICD-10 personality disorders and personality dimensions as assessed by the Dutch Short Form of the MMPI: preliminary results

Philip J. Corr and Jeffrey A. Gray 241 Attributional style, socialization and cognitive ability as predictors of sales success: a predictive validity study

David C. Zuroff and Deborah K. Fitzpatrick 253 Depressive personality styles: implications for adult attachment

Peter C. Burns and Gerald J. S. Wilde 267 Risk taking in male taxi drivers: relationships among personality, observational data and driver records

R. Neslihan Ruganci 279 Private and public self-conciousness subscales of the Fenigstein, Scheier and Buss self-consciousness scale: a Turkish translation

Notes and Shorter Communications

Tracey Wade, Marika Tiggemann, Andrew C. Heath, Suzanne Abraham and Nicholas G. Martin 283 EPQ-R personality correlates of bulimia nervosa in an Australian twin population

Predrag Zarevski 287 Inconsistency in responding: just inconsistency or something more?

Michael A. Thalbourne and Christopher C. French 291 Paranormal belief, manic-depressiveness, and magical ideation: a replication

Christopher Alan Lewis and John Maltby 293 Religiosity and personality among U.S. adults

Robert Loo 297 Cross-cultural validation of the dual nature of the EPQ Lie Scale with a Japanese sample

P. Muris, H. Merckelbach and S. Bögels 301 Coping, defense, and fear in college students

Book Review 305

Volume 18, Number 3

iii The International Society for the Study of Individual Differences (ISSID)

Leonard J. Roberts, David L. Duffy and Nicholas G. Martin 307 A psychometric evaluation of the Short Interpersonal Reactions Inventory (SIRI) in an Australian twin sample

Cheryl L. Rusting and Randy J. Larsen 321 Moods as sources of stimulation: relationships between personality and desired mood states

Eliseo Chico and Pere J. Ferrando 331 A psychometric evaluation of the revised P scale in delinquent and non-delinquent Spanish samples

Richard H. Lindley, Steven M. Wilson, William Ray Smith and Kay Bathurst 339 Reaction time (RT) and IQ: shape of the task complexity function

Myriam Mongrain and David C. Zuroff 347 Motivational and affective correlates of dependency and self-criticism

Michel J. Dugas, Mark H. Freeston, Céline Doucet, Stella Lachance and Robert Ladouceur 355 Structured versus free-recall measures: effect on report of worry themes

Peter J. de Jong, Harald Merckelbach and Henk Nijman 363 Hemisphere preference, anxiety, and covariation bias

Bert De Brabander, Christophe Boone, Pol Gerits and Arjen Van Witteloostuijn 373 Relationship between arousal and activation, and sensation seeking

David A. Hepburn, Ian J. Deary, Miguel Munoz and Brian M. Frier 385 Physiological manipulation of psychometric mood factors using acute insulin-induced hypoglycaemia in humans

Lars-Gunnar Lundh, Jan-Erik Broman and Jerker Hetta 393 Personality traits in patients with persistent insomnia

Eric E. J. De Bruyn, Marc J. M. H. Delsing and Mariëlle Welten 405 The EPQ-R(junior): a Dutch replication study

Marian B. Scarrabelotti, Julie M. Duck and Mark M. Dickerson 413 Individual differences in obsessive–compulsive behaviour: the role of the Eysenckian dimensions and appraisals of responsibility

Notes and Shorter Communications

C. Davison Ankney 423 Sex differences in brain size and mental abilities: comments on R. Lynn and D. Kimura

Chris McConville and Colin Cooper 425 Is emotional intensity a general construct?

Christine Eiser, J. Richard Eiser and Trudy Havermans 429 The measurement of self-esteem: practical and theoretical considerations

Philip J. Corr and Jeffrey A. Gray 433 Relationship between attributional style and Lie scores in an occupational sample motivated to fake good

Stephen Joseph and Emmanuelle R. Peters 437 Factor structure of schizotypy with normal subjects: a replication of Hewitt and Claridge 1989

Gisli H. Gudjonsson 441 The Standard Progressive Matrices: methodological problems associated with the administration of the 1992 adult standardisation sample

John Raven 443 Methodological problems with the 1992 standardisation of the SPM: a response

Gisli H. Gudjonsson 447 Raven's norms on the SPM revisited: a reply to Raven

Book Reviews 449

Announcement I

Volume 18, Number 4

iii The International Society for the Study of Individual Differences (ISSID)

M. B. Ormerod, James McKenzie and Adrian Woods 451 Final report on research relating to the concept of five separate dimensions of personality—or six including intelligence

E. Ferguson and E. Daniel 463 The Illness Attitudes Scale (IAS): a psychometric evaluation on a non-clinical population

Catherine Otter, Jörg Huber and Adrian Bonner 471 Cloninger's Tridimensional Personality Questionnaire: reliability in an English sample

Henri C. Schouwenburg and Clarry H. Lay 481 Trait procrastination and the Big-five factors of personality

Michael Myrtek 491 Type A behavior pattern, personality factors, disease, and physiological reactivity: a meta-analytic update

César Avila 503 Facilitation and inhibition of visual orienting as a function of personality

Nancy L. Segal, Steven M. Wilson, Thomas J. Bouchard Jr and Dinah G. Gitlin 511 Comparative grief experiences of bereaved twins and other bereaved relatives

Ivan Mervielde, Veerle Buyst and Filip De Fruyt 525 The validity of the Big-Five as a model for teachers' ratings of individual differences among children aged 4–12 years

Amir M. Poreh, Thomas P. Ross and R. Douglas Whitman 535 Reexamination of executive functions in psychosis-prone college students

Alan D. Pickering, Amelia Díaz and Jeffrey A. Gray 541 Personality and reinforcement: an exploration using a maze-learning task

Notes and Shorter Communications

Ásgeir R. Helgason, Mats Fredrikson, Tadeusz Dyba and Gunnar Steineck 559 Introverts give up smoking more often than extraverts

Michael O'Boyle 561 DSM-III-R and Eysenck personality measures among patients in a substance abuse programme

Cor Meesters, Peter Muris and Truus Esselink 567 Hostility and perceived parental rearing behaviour

Volume 18, Number 5

iii The International Society for the Study of Individual Differences (ISSID)

N. Brand, N. Schneider and P. Arntz — 571 Information processing efficiency and noise. Interactions with personal rigidity

Leslie J. Francis and William K. Kay — 581 The personality characteristics of Pentecostal ministry candidates

Louise M. Buttsworth and Glen A. Smith — 595 Personality of Australian performing musicians by gender and by instrument

Doug Mahar, John Cologon and Julie Duck — 605 Response strategies when faking personality questionnaires in a vocational selection setting

Alessandro Antonietti and Maria Alfonsa Gioletta — 611 Individual differences in analogical problem solving

Jakob Smári, Arna Björk Birgisdóttir and Berglind Brynjólfsdóttir — 621 Obsessive–compulsive symptoms and suppression of personally relevant unwanted thoughts

James M. Dabbs Jr, Timothy S. Carr, Robert L. Frady and Jasmin K. Riad — 627 Testosterone, crime, and misbehavior among 692 male prison inmates

Eugene M. Fodor — 635 Subclinical manifestations of psychosis-proneness, ego strength, and creativity

Katherine Makarec and M. A. Persinger — 643 Complex partial epileptic-like signs and differential visual search times for normal men and normal women: implications for functional lateralization

Leif Wenglert and Anne-Sofie Rosén — 653 Optimism, self-esteem, mood and subjective health

L. A. Terry-Short, R. Glynn Owens, P. D. Slade and M. E. Dewey — 663 Positive and negative perfectionism

H. C. M. Carroll — 669 A psychometric critique of Nelson *et al.*'s 1990 paper: nutrient intakes, vitamin–mineral supplementation and intelligence in British schoolchildren

Notes and Shorter Communications

Zbigniew Zaleski, Sybil Eysenck and Hans Eysenck — 677 Personality and attitudes towards marginal social groups

Jo Brunas-Wagstaff, Angela Bergquist, Patricia Richardson and Angela Connor — 681 The relationships between functional and dysfunctional impulsivity and the Eysenck personality questionnaire

P. Muris, H. Merckelbach and A. de Jongh — 685 Colour-naming of dentist-related words: role of coping style, dental anxiety, and trait anxiety

Book Reviews — 689

Volume 18, Number 6

iii The International Society for the Study of Individual Differences (ISSID)

Michael W. O'Boyle, Edward J. Hoff and Harwant S. Gill — 693 The influence of mirror reversals on male and female performance in spatial tasks: a componential look

P. J. Watson, J. Trevor Milliron and Ronald J. Morris — 701 Social desirability scales and theories of suicide: correlations with alienation and self-consciousness

Philip J. Corr, Alan D. Pickering and Jeffrey A. Gray	713	Sociability/impulsivity and caffeine-induced arousal: critical flicker/fusion frequency and procedural learning
William C. Tirre and Sharvari Dixit	731	Reading interests: their dimensionality and correlation with personality and cognitive factors
A. Mackinnon, A. F. Jorm, H. Christensen, L. R. Scott, A. S. Henderson and A. E. Korten	739	A latent trait analysis of the Eysenck Personality Questionnaire in an elderly community sample
Peter Muris, Peter J. de Jong and Angelique Suvrijn	749	Monitoring, imagery, and perception of threat
Mary Turner DePalma, Scott F. Madey and Susan Bornschein	761	Individual differences and cheating behavior: guilt and cheating in competitive situations
Yancy B. McDougal	771	Decision making under risk: risk preference, monetary goals and information search
Daryl G. Kroner and John R. Reddon	783	Anger and psychopathology in prison inmates
Notes and Shorter Communications		
Gisli H. Gudjonsson	789	Interrogative suggestibility: does the setting where subjects are tested make a difference to the scores on the GSS 1 and GSS 2?
Julie Aitkin Harris, Philip A. Vernon and Kerry L. Jang	791	A possible genetic basis of accuracy in personality perception
Ronald C. Johnson, Jeanne L. Edman and George P. Danko	793	Self reported negative experiences and dissociation
Roy King, Evens Villeneuve, Lisa Post, Christopher Flowers and Kathy Moonshine	797	Aesthetic preference and DSM-IIIR personality disorders
Simon G. Draycott and Paul Kline	801	The Big Three or the Big Five—the EPQ-R vs the NEO-PI: a research note, replication and elaboration
P. E. Hodgkinson, S. Joseph, W. Yule and R. Williams	805	Measuring grief after sudden violent death: Zeebrugge bereaved at 30 months
M. Patel, J. Weinman and S. Gessler	809	Type A behaviour and the perception of facially expressed affect
Book Reviews	813
